

Autumn is here and the weather is breezy and cool. It's a great time to count our blessings and give thanks to the people around us.

In October, we've had a fruitful month filled with engaging learning inside and outside the classrooms. There are

ample learning activities in all the subjects. Our first formative assessments are finished, and help us understand our strength and weaknesses. We have also started the morning exercises on Mondays, Tuesdays and Fridays. The fun ECA classes on Fridays and Saturday classes have also begun, so it's great to develop our interests and extend our potentials.

On 19th October, the Education Undersecretary, Ms Choi Yuk-lin, visited our school. Ms Choi, our school supervisor, principal and

teachers have visited some classes and reviewed the progress of our campus-relocation project. It was such an honour to have Ms Choi.

We feel blessed to have a fantastic October, and look forward to an even greater month in November.

**In the Religious Study lessons, we learn to pray properly.**

Thank you for visiting our school, Ms Choi!

Miss Ho: Sorry, I don't, because I'm allergic to their fur and hair.

Zoe: Which season do you like?

Miss Ho: I like summer best, because I can have a sunbath at the beach and go swimming in the sea. I love the hot and dry weather in summer.

Zoe: Thank you for your time, Miss Ho.
