

November

Pak Tin English Newsletter

May God bless
Hong Kong and all
of us.

NOVEMBER IS A MONTH TO GIVE THANKS

We give thanks to God, for providing us everything we need. We give thanks to people who care for us, help us and love us. We give thanks to all the beautiful creatures in our world.

November has been a fruitful month in Pak Tin. Students and teachers continue to put in a lot of effort in learning and teaching. The Annual PTA Parent-child Sports Games and Annual PTA Meeting were held with great success on 9 November, 2019. All participating families and teachers had loads of fun participating in

the exciting games and cherished the great times spent with their loved ones. We also had the chance to thank last year's parent volunteers for their kindness and hard work. The Annual Alumni Gathering was also held in November. Seeing the familiar faces of the Pak Tin family is sweet and full of joy.

Thank you, all the parent volunteers, for your kindness, time, and care. We grow more because of you.

The Parachute game is super fun!

Miss Kwok joins the game.

Congratulations to the P1 champion - 1B!

Hip~ hip~ hooray!!!

Eyes on the prize, Alex!

Our new Artwork Showcase is up on the covered playground. It is the great teamwork from more than 30 teachers and students in our School VA team.

STEM LESSONS

Children begin to have their STEM lessons in English in November. It is a great chance to explore STEM elements while learning English vocabulary. For example, P1 children learnt the new rainbow colours "indigo" and "violet". P3 children learnt that the states of water are "liquid", "gas", and "solid".
